

MONTREAL
MANAGEMENT CONSULTANTS EST.

A Government-Authorized Firm

About us

Montreal Management Consultants Est. (MMCE) is a prestigious firm, which offers reliable, professional and client-centered services for immigration and citizenship application for Canada, USA, St. Kitts and Nevis, Grenada, and Dominica.

Immigration applications can be challenging and laborious. Thus, it is vital that you choose the right institution to trust for your life-changing process. With the assistance of our warm and competent staff and affiliates, MMCE, aims to provide you with excellent and outstanding immigration services in order to meet your needs and expectations.

For more than 18 years, we have helped thousands of individuals from different nationalities across the United Arab Emirates and the Middle East attaining their dreams of a new citizenship. We have and will continue to offer our best immigration services. MMCE believes that your success is our success as well.

The Company and its History

It was in 1989 when Dr. Anthony Haiden, the brain behind this successful organization, established the company's first office in Montreal, Canada to help clients who wish to acquire permanent residency in Canada. Dr. Haiden decided to put up a branch in U.A.E. as he received an increasing number of clients in this region. Thus, the branch situated in U.A.E. was opened in 1999.

To ensure that MMCE delivers expert immigration services, working alongside with Dr. Haiden is the company's Immigration Consultant, Mr. Mahmoud Khattab (ICCRC# R413335), a member in good standing of the Immigration Consultants of Canada Regulatory Council (ICCRC). The ICCRC is a regulatory body recognized by the Canadian Government that assists and protects the public by supervising licensed immigration and citizenship consulting professionals.

MMCE continues to grow as it launched the USA immigration program under the EB-5 US Investment in 2011. Thus, the company aims to provide more options for its clients for their migration. In the succeeding years, the firm introduced economic citizenship programs in St. Kitts and Nevis, Grenada, and Dominica, wherein foreign nationals can obtain the citizenship through a Government-sponsored investment program.

Due to our outstanding record on steadfast and optimum services, MMCE has been recognized and officially authorized by the Governments of St. Kitts and Nevis, Grenada and Dominica to handle applications under the aforementioned Government's Citizenship by Investment program.

Today, Montreal Management Consultants Est. is one of the most sought-after immigration consultancy firms, encompassing a wide array of visa services to serve its valued clients.

Commonwealth of Dominica

The Commonwealth of Dominica is also known as the “Nature Island of the Caribbean” because of its wide variety of flora and fauna and extensive natural park system.

The island boasts hundreds of acres of rainforests, several waterfalls, rivers, lakes, and untouched nature reserves.

Dominica offers a fast route for citizenship to this peaceful tropical paradise.

This is known as the Citizenship by Investment program.

This first-rate program is one of the oldest and most trusted investment programs in the world.

Through legislation, the program was launched in 1993 by the Government of Dominica, which now enables an applicant to gain full and legal citizenship for themselves and their family by making an economic contribution to the country.

Country Profile

Dominica is a mountainous, forested Caribbean island nation with a year-round tropical climate, national parks, rare indigenous birds and the second-largest boiling lake in the world.

Location:	Caribbean
Capital:	Roseau
Total area:	750 km ²
Population:	72,324
Language:	English
Life expectancy:	74 years (men), 78 years (women)
Currency:	East Caribbean dollar (EC\$)
Exchange Rate:	US\$ 1.00 = EC\$ 2.70w

Investment Option

Dominica’s citizenship program requires its applicants a certain amount of economic contribution to the country. In exchange, applicants and their families are granted full citizenship. The economic contribution would be in the form of a direct non-refundable payment made to the Government.

There are four options for obtaining citizenship:

» **Single Applicant:**

A non-refundable investment of 100,000 USD.

» **Main Applicant and Spouse:**

A non-refundable investment of 175,000 USD.

» **Main Applicant with up to 3 qualifying dependents:**

A non-refundable investment of 200,000 USD.

» **For an additional qualifying Dependent:**

Other than a spouse, a non-refundable contribution of 25,000 USD per dependent.

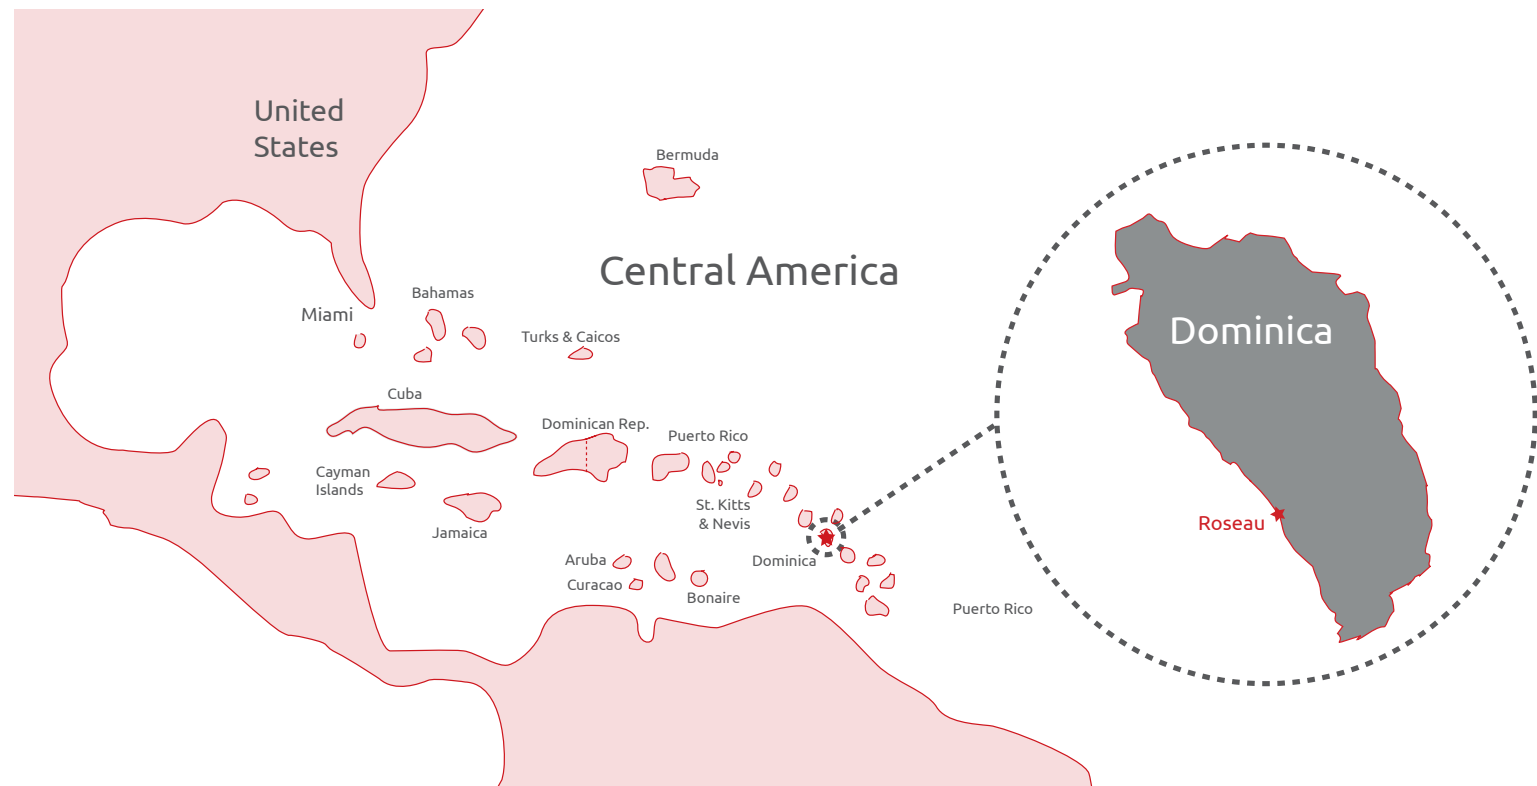

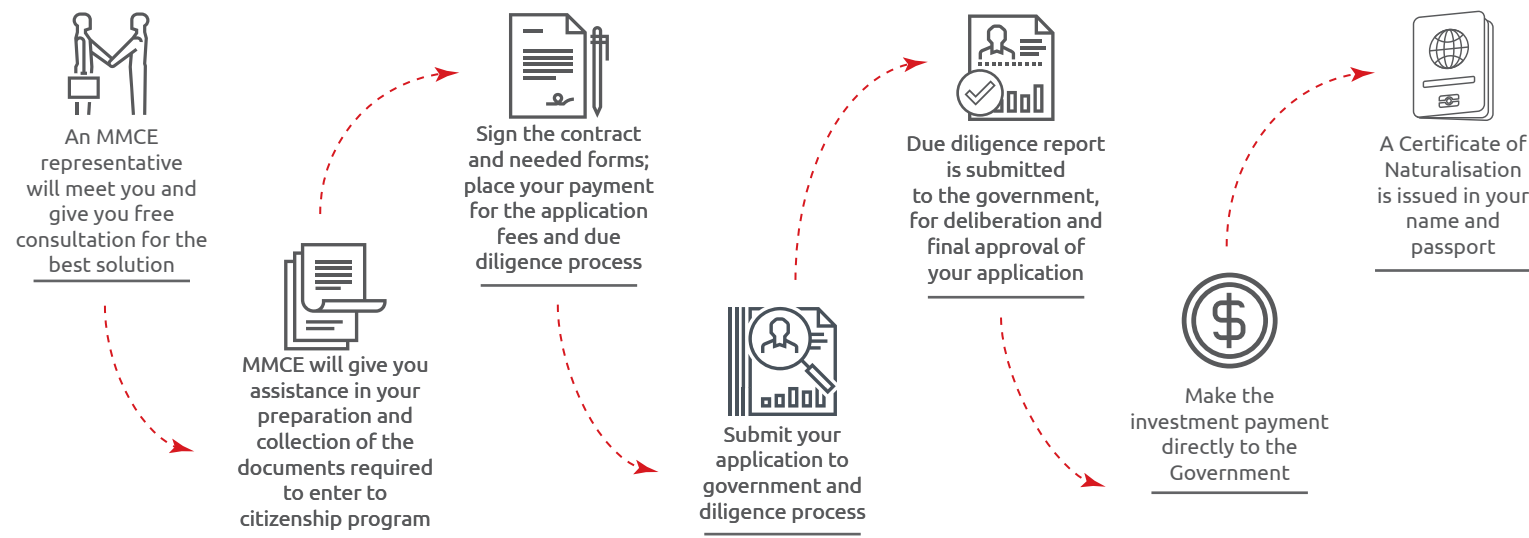

Program benefits

Successful applicants of the citizenship program can benefit from the following:

- » ***A peaceful and stress-free life in an idyllic and lush country for a lifetime.***
- » ***Visa-free travel to over 90 countries, including the United Kingdom, Singapore, Hong Kong and Ireland.***
- » ***Minimum taxation – no wealth, gift, inheritance, foreign income, or capital gains tax.***
- » ***Full residence status with the right to live and work in Dominica .***
- » ***Dual citizenship is allowed.***
- » ***Residing in Dominica before or after the granting of citizenship not required.***
- » ***Application process is confidential.***

Process and Time Line Estimated 3 months

Dominica Housing Development (Project - Bellevue Chopin)

Our company does not only fulfill dreams; we are also committed to rebuilding lives.

The Montreal Management Consultants Development is an international immigration and consultancy development company committed to developing a livable and modern medium-income residential community in the Commonwealth of Dominica through the Citizenship by Investment Program.

Since September 2015, the Montreal Management Consultants Development has been working closely with the Government of Dominica to help the residents of a village on the southeast side of the country called Petite Savanne (French for "little savannah") that was severely battered by tropical storm Erika in 2015.

The company has been developing and building integrated communities including commercial centers, a farmer's market, and a cemetery.
